**MIDCOMP (PTY) Ltd**

Midcomp (Pty) Ltd is a 31-year-old company specialising in the sales, service and support of large format digital printing and finishing equipment. We have a full spectrum of solutions from small print and cut systems capable of short-run production through to high volume printers. We also specialise in Zünd Swiss cutting systems for digital finishing with a high degree of automation, reducing both waste and reliance on resources.

Midcomp (Pty) Ltd offers world-class support, with a team of 13 factory-trained field service engineers that have the fastest measured response times in the industry. We also offer our customer's a production backup facility at our Innovation Hub. In the event of a customer experiencing technical failure, they can continue production at our facility while a field service engineer resolves the problem, thus ensuring that deadlines are met.

Midcomp (Pty) Ltd is the only company to offer a Pay Per Use (PPU) where customers only pay for the square metres they print. It is a smarter way to print with a fixed cost per square metre rate that is customised around your business. This rate includes ink, printheads, spare parts, service maintenance kits and labour. No unexpected payments for repairs to your printer if it breaks down. This programme is available for the HP Latex range. As part of our 'Catalyst for Growth' promise we have evolved into a group of three focal companies which includes Midcomp Azero (Large format printers and plotters) and Midcomp Consumables (Digital print media).

**HARDWARE & SOFTWARE**

**UNICAM SA (PTY) LTD**

We are a leading, technologically focused, World-Class, CNC Manufacturer based in Cape Town, South Africa. We are committed to manufacturing highly reliable, easy-to-use and technologically advanced CNC machines to match and surpass European Competitors. We refer to our solid CNC units as 'Panzer Tanks'- see one and you will quickly understand why the word 'robust' doesn't do our CNC units justice.

We make use of innovative technology backed by decades of industrial automation and manufacturing experience (over 5200 automated units built), with the bonus of a global network of trusted suppliers who share our vision; manufacturing 'No-nonsense' machines.

**BRANDS:** UNICAM SA CNC ROUTERS, MILLS, DESKTOP AND CNC MACHINING CENTRES

**WEB:** www.unicam.co.za  
 22 Drill Park, Drill Avenue, Montague Gardens, 7441 Cape Town

**UPRINT SA**

We sell our own original print technology which has the world's first chemical transfer process. The printer we use is an OKI printer engine. We convert the fuser unit into a new modification, allowing for the paper to pass through the printer without the ink (toner) being fused (dried) to the page.

Our modification, including our unique RIP software, gives birth to chemical transfer printing and

heat transfer all in one printer. You no longer need sublimation products or UV printers to print on limited items. The U-Print Chemical transfer printing process can brand on every single surface on the planet. When we say every surface, we mean it.
